Wi-Fi
Water
Watcher

ALERTS YOU
before any water damage
occurs from your sump tank

WHETHER YOU ARE AT WORK,
ON VACATION, OR SLEEPING, THIS
DEVICE PROTECTS YOUR VALUABLES
AND PROVIDES PEACE OF MIND
BY OFFERING A LIVE MONITORING
OF YOUR SUMP.

Alarm

Operates through your
home Wi-Fi network

Sends an alert to three different
e-mail addresses and three
different phone numbers

Operates on 115V 60Hz

Back-up battery life of 15 hours
in case of power failure

Fast and easy to install

DESCRIPTION

- 115V AC to 5 DC external power supply.
- Rechargeable lithium back-up battery with a 15-hour average life in case of power outage.
- Compatible with all smart phones.

OPERATION

- The device is connected to the user's Wi-Fi network.
- A detection float is installed in the sump or sewage tank.
- The float is connected to the unit via a cable.
- The float activates the alarm when the water level in the sump pit attains a critical level above normal.
- When the alarm is activated, an SMS text message and/or an e-mail is sent to the user's three phone numbers and three e-mail addresses configured in the system.
- Sends eight types of messages:
 - 1) Transmission test
 - 2) Power source changed from 115V to battery back-up
 - 3) Low battery
 - 4) High liquid level
 - 5) High liquid level reminder
 - 6) Reset confirmation
 - 7) Confirmation of ongoing communication
 - 8) Loss of communication

Pump

Pump made of rugged cast
iron and non corrosive Noryl

Ideal for frequent drainage

Discharge of 1 1/2" with
reducer of 1 1/4"

DESCRIPTION

- Evacuates water from a sump basin as small as 14" in diameter.
- Oil cooled for a longer life span.
- ± 9' electric cable.

OPERATION

- Automatic start-stop.
- Motor turns on when higher water level lifts the mechanical float.
- Motor turns off when the mechanical float drops down.

PUMP CAPACITY

HEAD	USGPH
25'	350
20'	750
15'	1400
10'	2200
5'	3000

Friction loss in pipe not included

ALSO INCLUDED IN THE BOX:

AC ADAPTOR
6-foot cable
